THE PARAMOUNT THEATRE | MAY 21-23, 2010

The third annual collaboration of Mark Morris Dance Group with Seattle Symphony features a mostly Baroque music program paired with stunning dance movement. Mixed repertory includes:

GLORIA

Composer Antonio Vivaldi | **Conductor** Mark Morris

Seattle's Tudor Choir will join Seattle Symphony for the performance of Gloria. MMDG first premiered this piece in 1981 at Dance Theater Workshop in New York City. The New York Times said, "So much is going on at every moment that the mind and heart are dizzyed, yet everything seems part of a whole. It's really quite miraculous."

JESU, MEINE FREUDE

Composer Johann Sebastian Bach | **Conductor** Christian Knapp

Premiered in 1993, Jesu, Meine Freude has been revived only a few times over the years because of the choir required to perform the piece. Thanks to the Tudor Choir, Seattle is among the limited cities where this piece will be shown outside of New York City.

A LAKE

Composer Franz Joseph Haydn | **Conductor** Christian Knapp

Originally premiering on July 30, 1991, A Lake was performed by the White Oak Dance Project, the contemporary dance company co-founded by Mark Morris and Mikhail Baryshnikov. The Boston Globe described A Lake as a "magnificently lyrical work."
