Mark Morris is an influential and celebrated choreographer whose once-controversial pieces have become the standard of creativity for a new generation of dancers, choreographers and critics. Morris has changed the way audiences see modern dance. *The Washington Post* observed, "Morris' ability to surmount musical difficulties that would flummox most anyone else is awe-inspiring."

His company of exuberant dancers lives up to its reputation of wit and grace, with a refined musicality that is further reinforced by Morris' use of live musicians for every performance.
